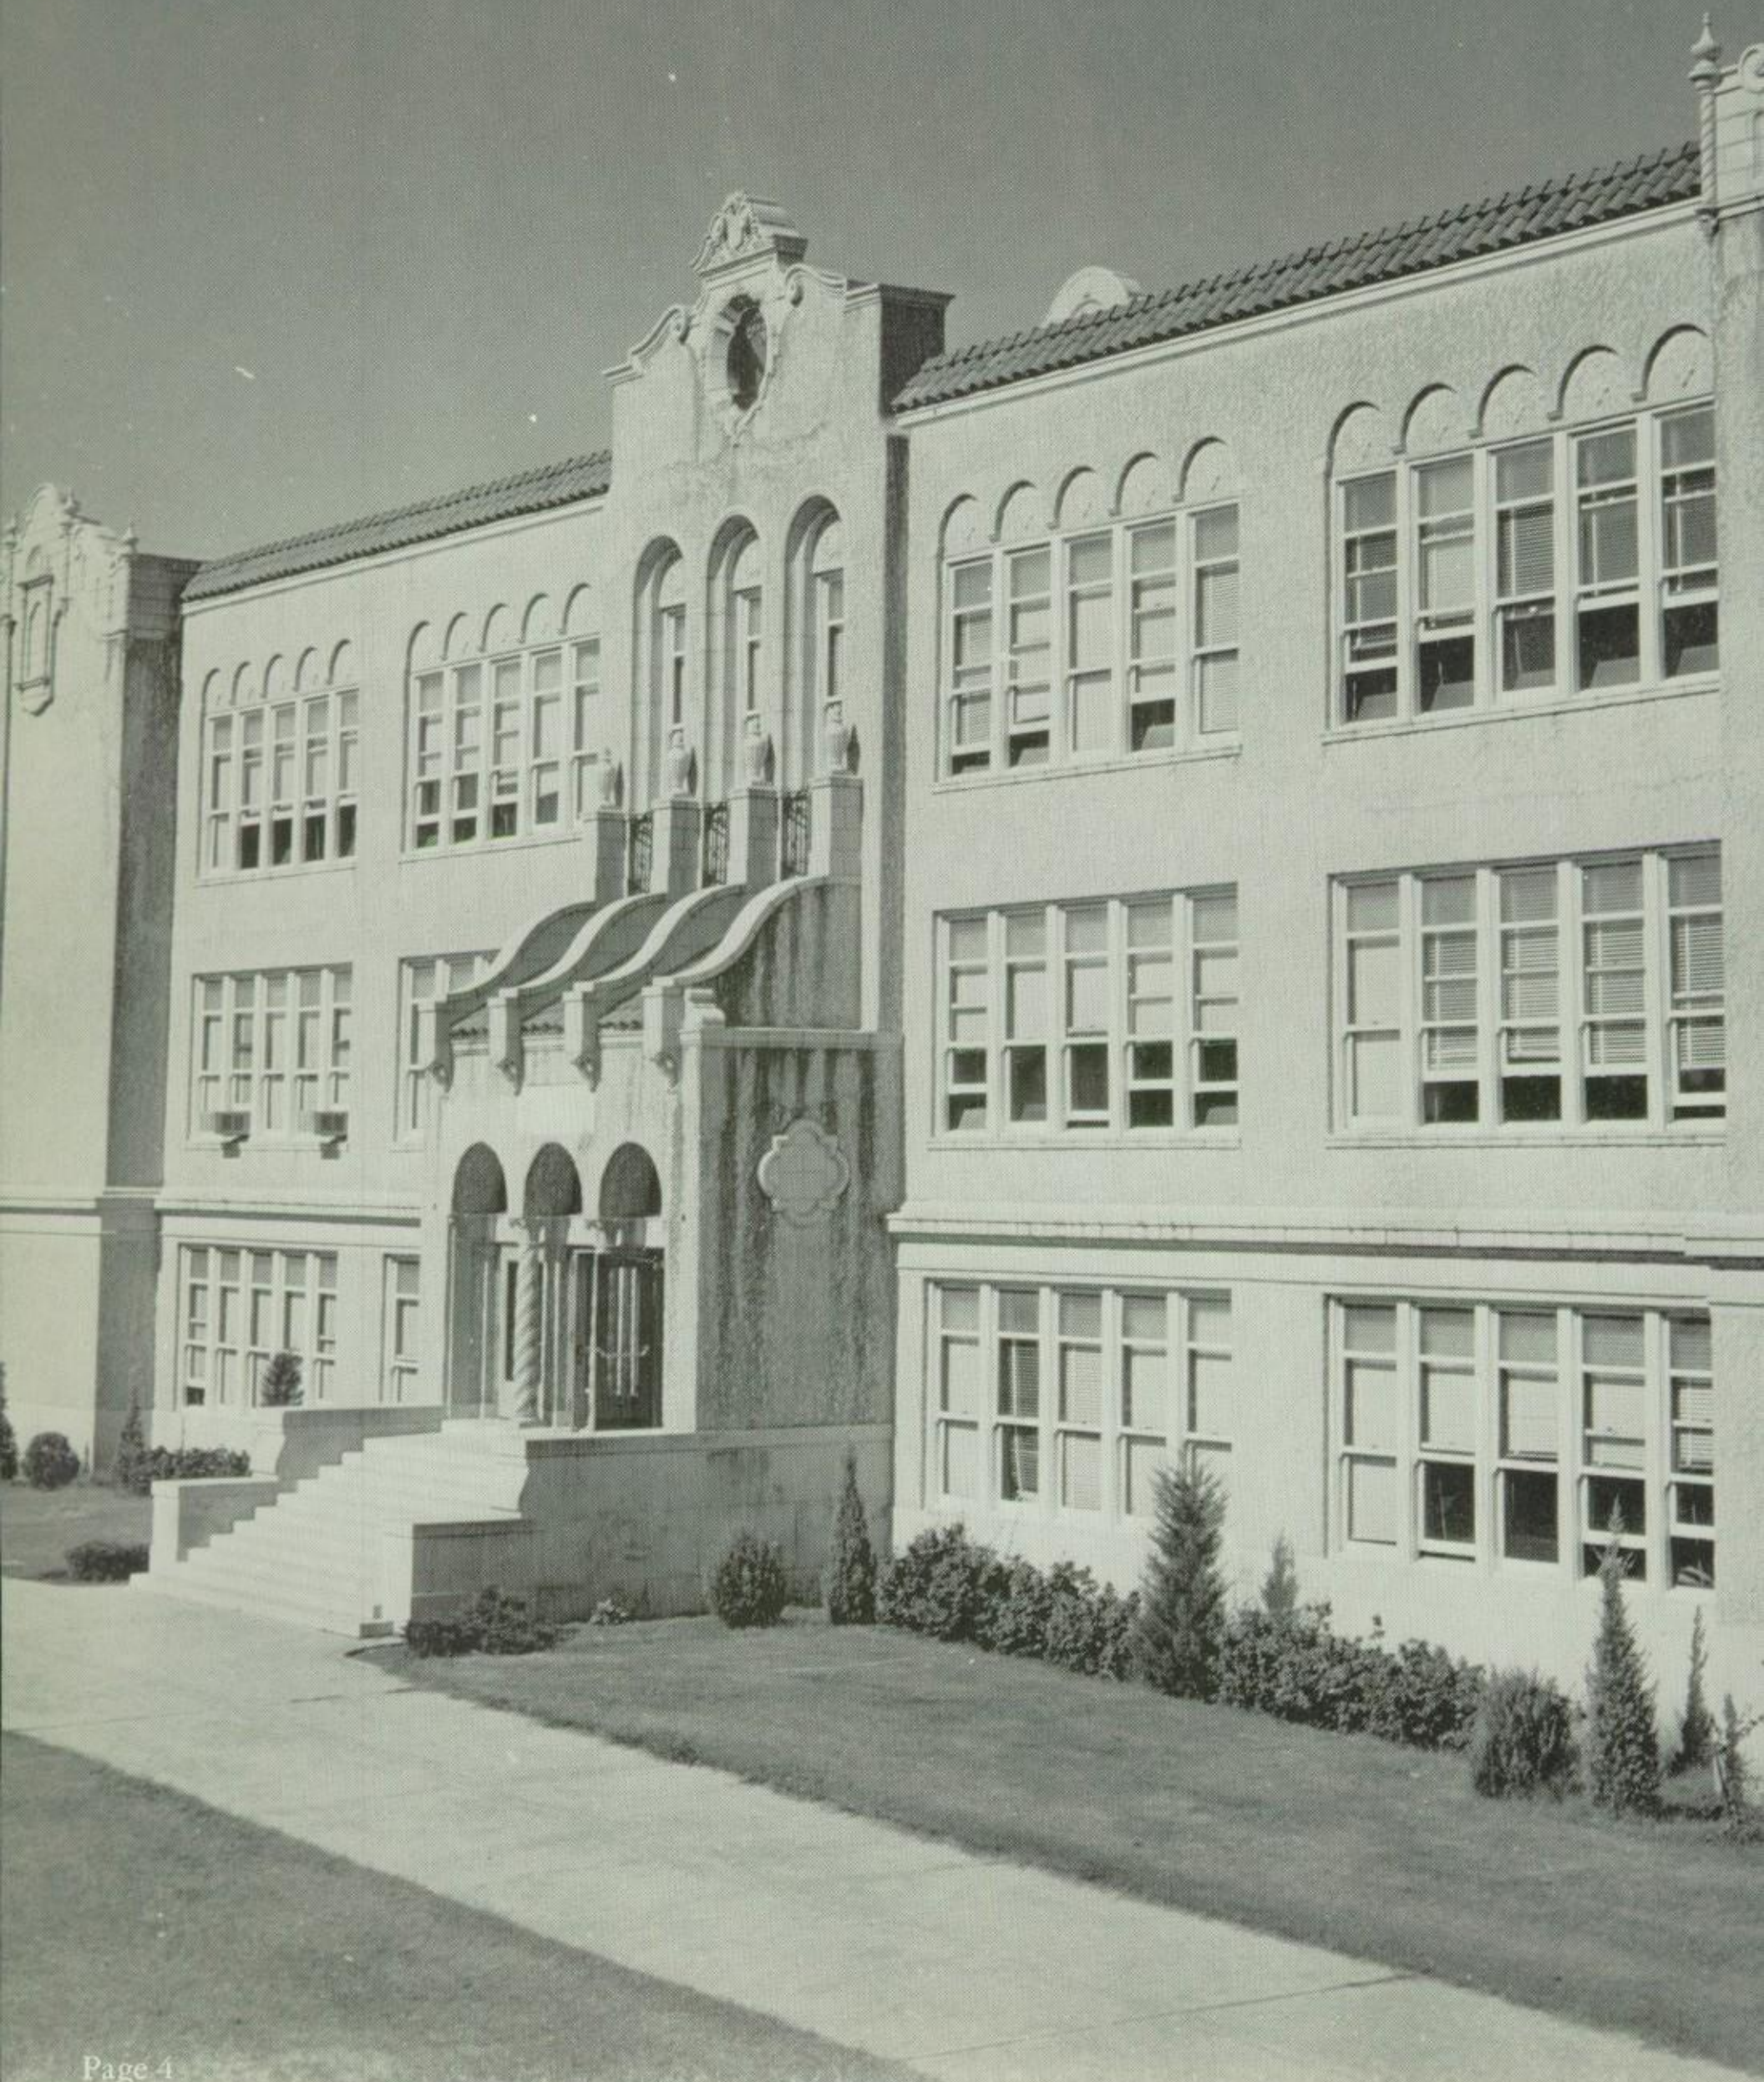
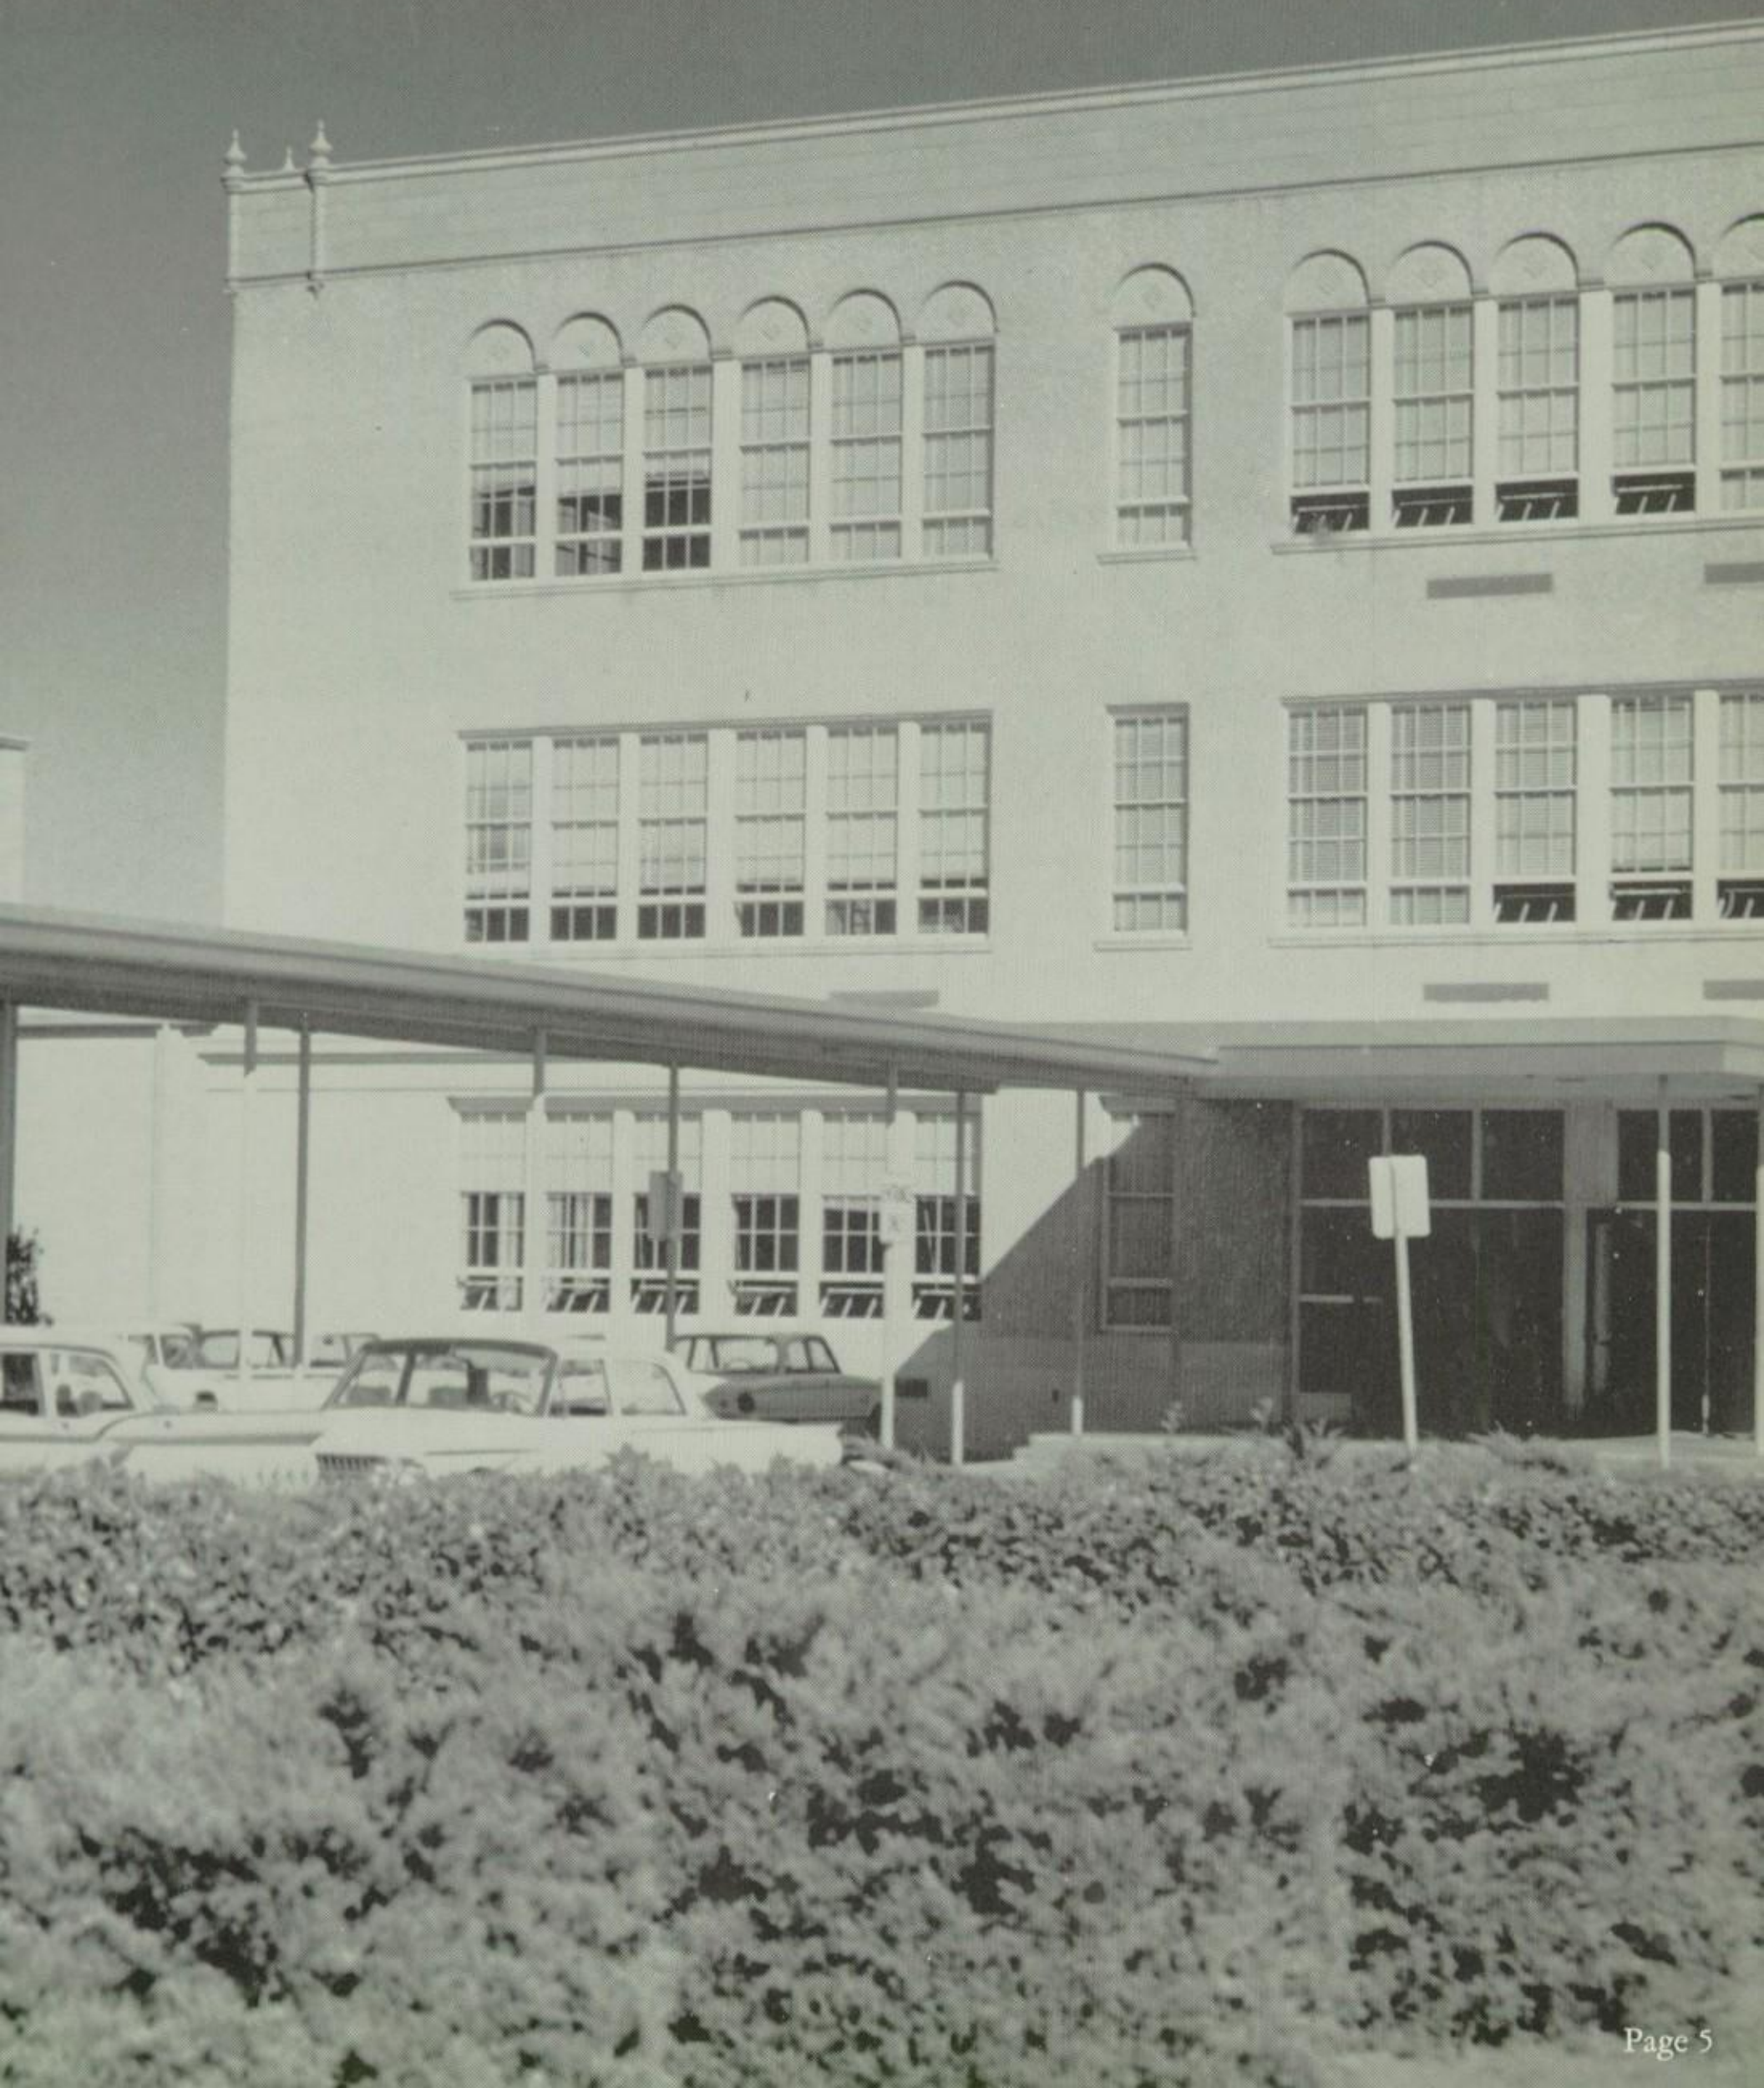
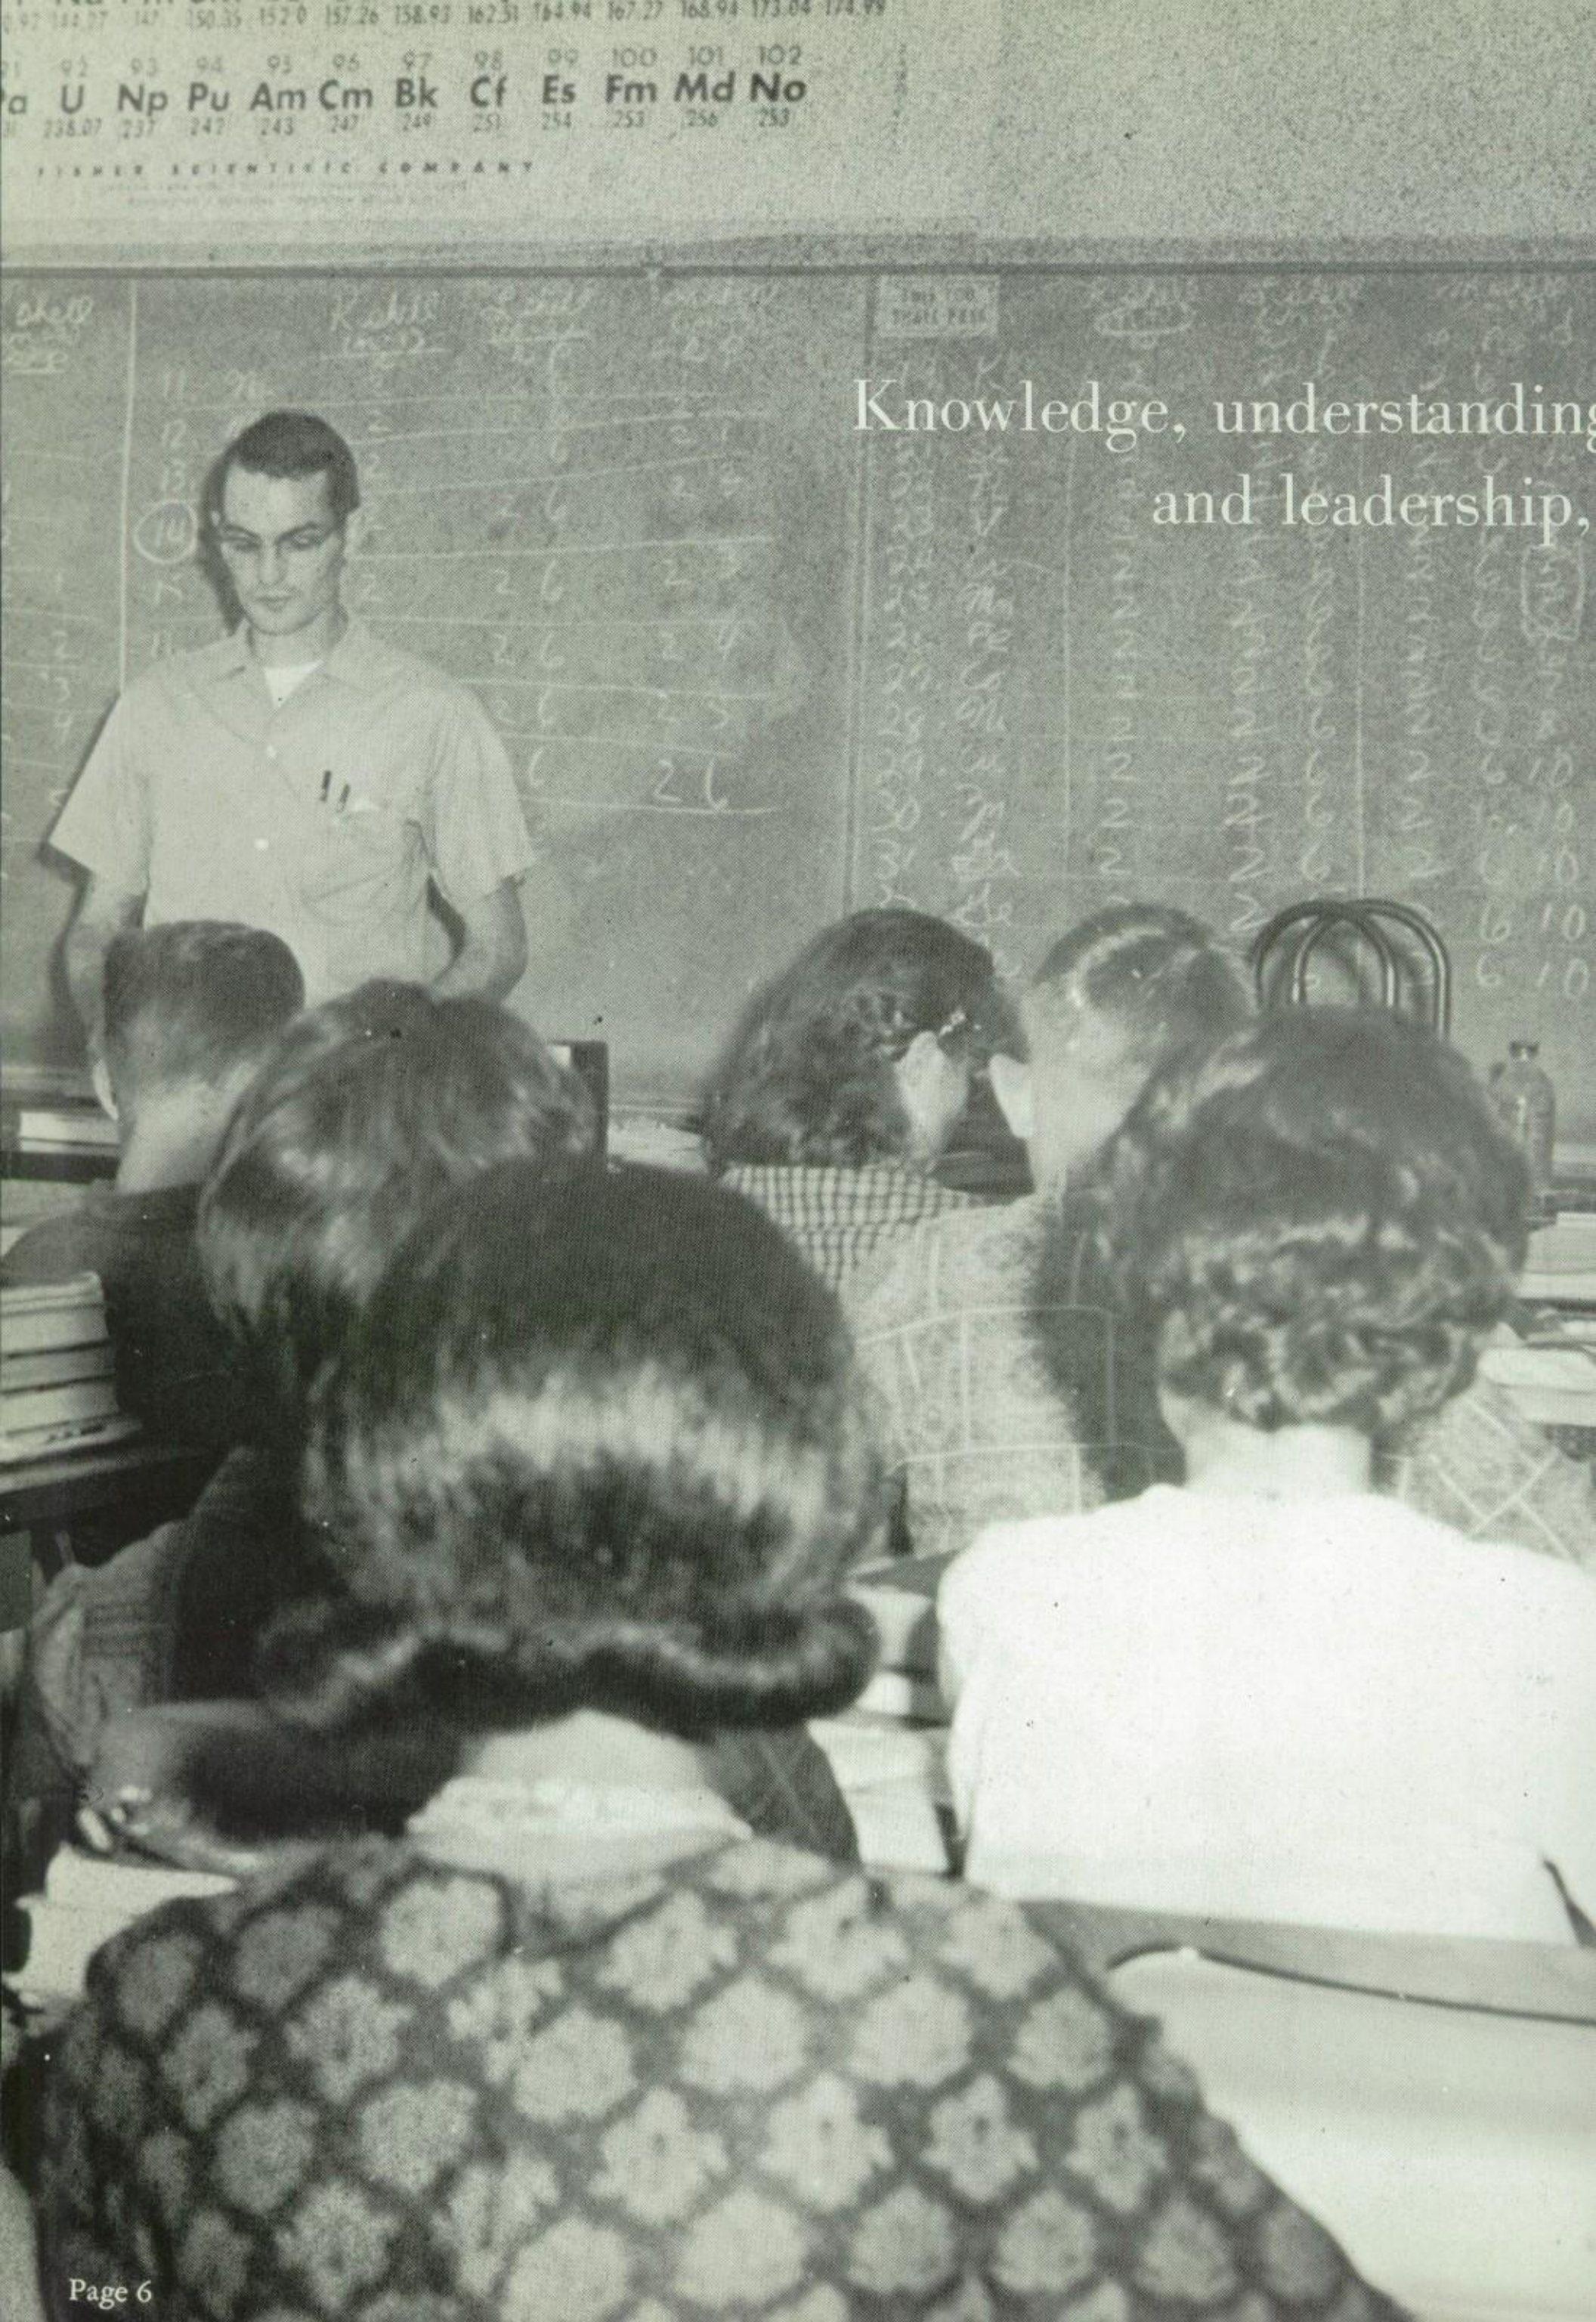
presents the school year



n which we discovered
how good to live and learn,





Knowledge, understanding
and leadership,

Respect for one another

As we stood united

In strong school spirit.

This is Ponca City Senior High School!

Seniors—this is your last year. You glory in the honor of being "high man on the totem pole;" you fondly remember the first two years on "the Hill;" you strive to make 1962-1963 the best school year yet; you love Po-Hi and leave her.

Juniors—this is your middle year. You laugh at your fears of last year; you look forward to the height of next year; you are at the center of your high school education; you have the opportunity to stop, see where you stand, and change if you so wish. Prepare well, for soon you will be the senior leaders on the campus.

Sophomores—this is your first year. You have vast opportunities and challenges lying ahead of you; you are in Po-Hi and by now you are very much a part of her; you belong here; you have two years left—use them well.

Hands, denoting "what goes on at Po-Hi," have been used on the cover of the 1963 *Cat Tale.* These hands represent what we are doing. In *scholarship* we rank among the top schools in Oklahoma. A wide choice in fine *arts* ranging from instrumental and vocal music to painting and crafts is offered at P.C.H.S. We offer a well-rounded program of *athletics* where we have also proved to be outstanding. In our *organizations* and clubs we learn many things which widen our fields of interest. Our *social* activities offer a wholesome diversion from the class room in the form of parties, dances, picnics, and, of course, the Prom. Last and certainly one of the most important phases of our high school days is the life-long *friendships* we make here at Po-Hi.

Fully realizing that each person here had a hand in making this year one of the best yet, we, the annual staff, dedicate this book to you and beckon you to join us as we go hand in hand through the pages of the 1963 CAT TALE.

Today, October the Third, as I write this message for the CAT TALE, Astronaut Walter M. Schirra has made a safe landing in the Pacific Ocean after completing his sixth orbit of the earth. His feat is only the most recent of the many modern miracles which we have come to expect as a normal part of living in the Year of our Lord 1962. Today's achievements far exceed the vivid imaginations of the science fiction writers of a few years ago. We are so accustomed to think in terms of enormous size, fantastic speed, billions of dollars, and millions of light years that we are inclined to overlook the importance of those traits, attributes, and qualities that cannot be measured quantitatively. Other events that share the headlines with Astronaut Schirra's fine achievement indicate all too clearly that whereas man is fast learning the ability to live in space, he has yet to learn to live in harmony with his fellow man.

How appropriate for these times are the words of Stephen Vincent Benet:

"Our earth is but a small star in the great universe. Yet of it we can make, if we choose, a planet unvexed by war, untroubled by hunger or fear, undivided by senseless distinctions of race, color or theory."

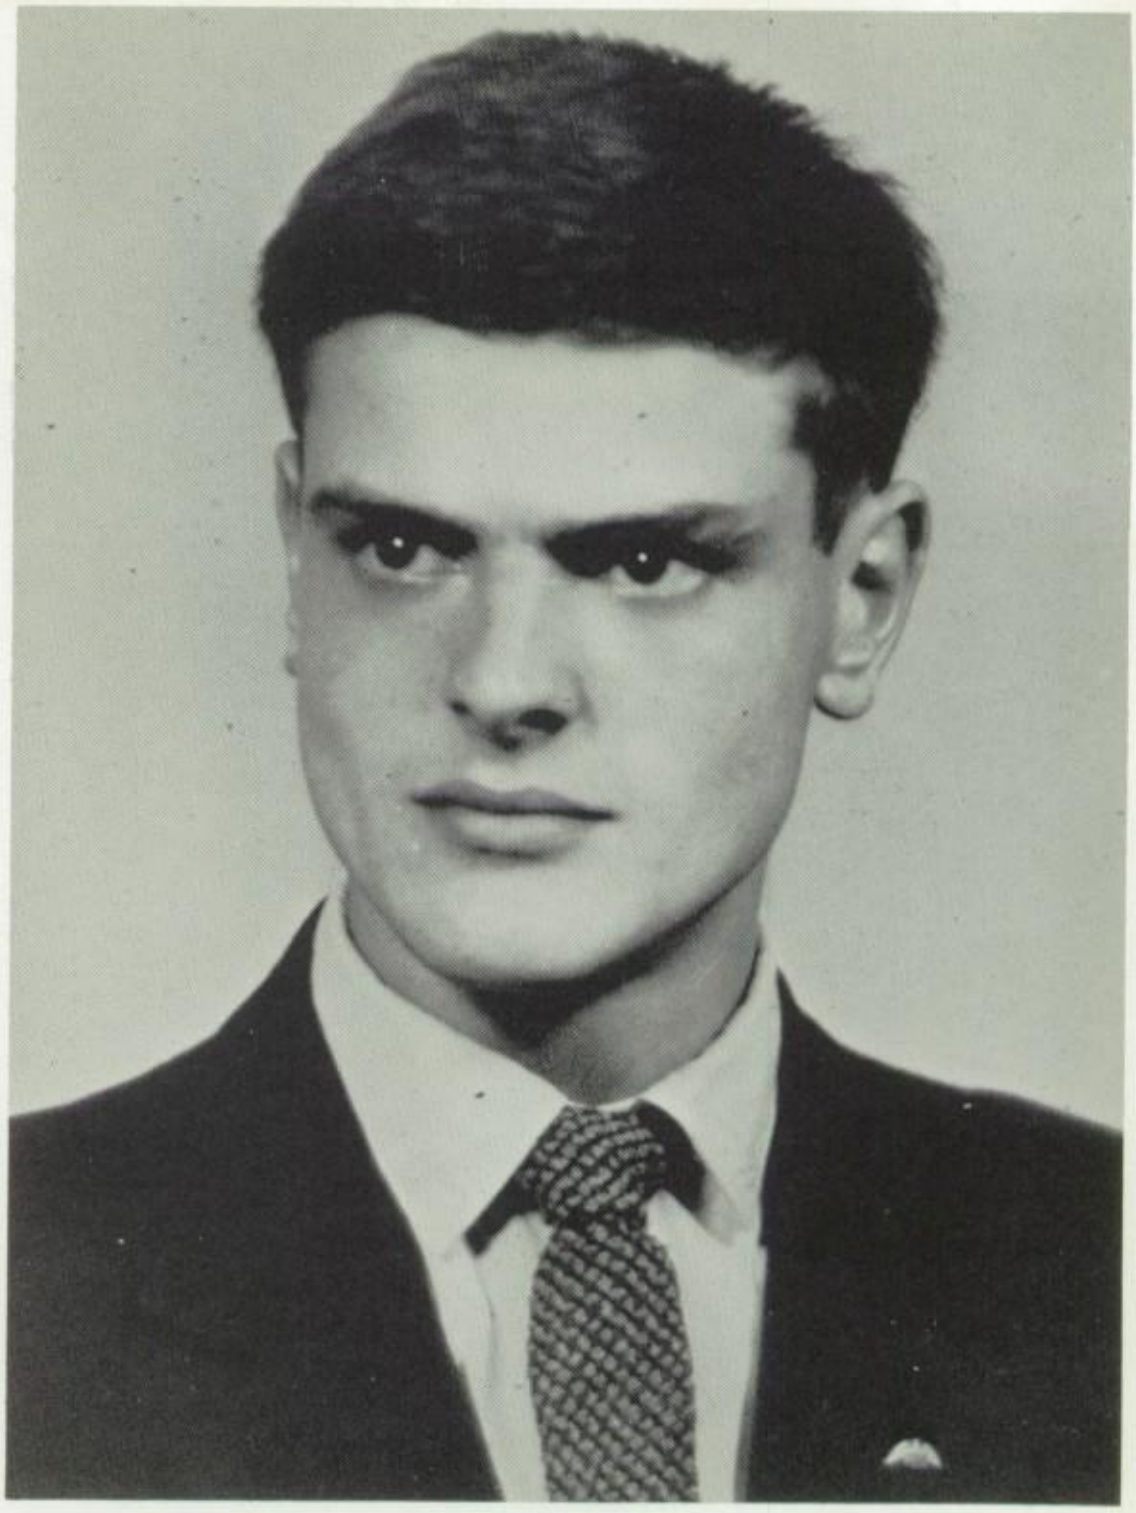
EXCHANGE STUDENT



JEAN LOUIS BROCHEN

63 rue de Lille
Roubaix
Nord, France

Dear Friends of Po-Hi,

To go and visit America, and especially the young United States have always been a dream for the inhabitants of old Europe. I still can hardly believe that I have accomplished this dream, that I have had this incredible chance to come and live a year in this country; and that, in the best of the fifty American states, Oklahoma, and moreover in the best school of this state, Po-Hi!

You know that this year will remain deeply in my memory. I'll never forget the friendship I found among all of you and which showed me from the first day that you considered me like one of yours. I'll never forget the school spirit I discovered in Po-Hi, the homeroom activities with Miss Bagby, the football games among the Grenadiers yelling for the great Wildcats, the dances in the girls' gym after the games, the impressive ceremonial of the assemblies, the pep rallies in the freezing mornings, the pleasant food in the cafeteria, the very interesting speech class, the hard time, but the fun we had working on the senior play, the clubs on Tuesday afternoons, the bonfire, all the fun we had this year, and simply the real comradeship I hope I had with most of you. For all that and for much more, I want to thank Mr. Anderson, who received me into his school, all the teachers who have always been so kind and helpful, the National Honor Society, and all of you, great seniors, wonderful juniors, and charming sophomores, my Po-Hi friends.

I thank also Nelly who, because of her charming character, allowed me to pass this wonderful year in Ponca.

It was a pretty hard mission to succeed to Nelly, but I hope however that I won't be the last Exchange Student in Po-Hi. I hope that some of you know a little more about France, my country, and that I will have the great pleasure to see all of you again and to receive you in my home in France.

For the last time, I say with you all:

"Ponca City we love you,
With your colours red and blue . . ."

In Memory of Ronnie Casey

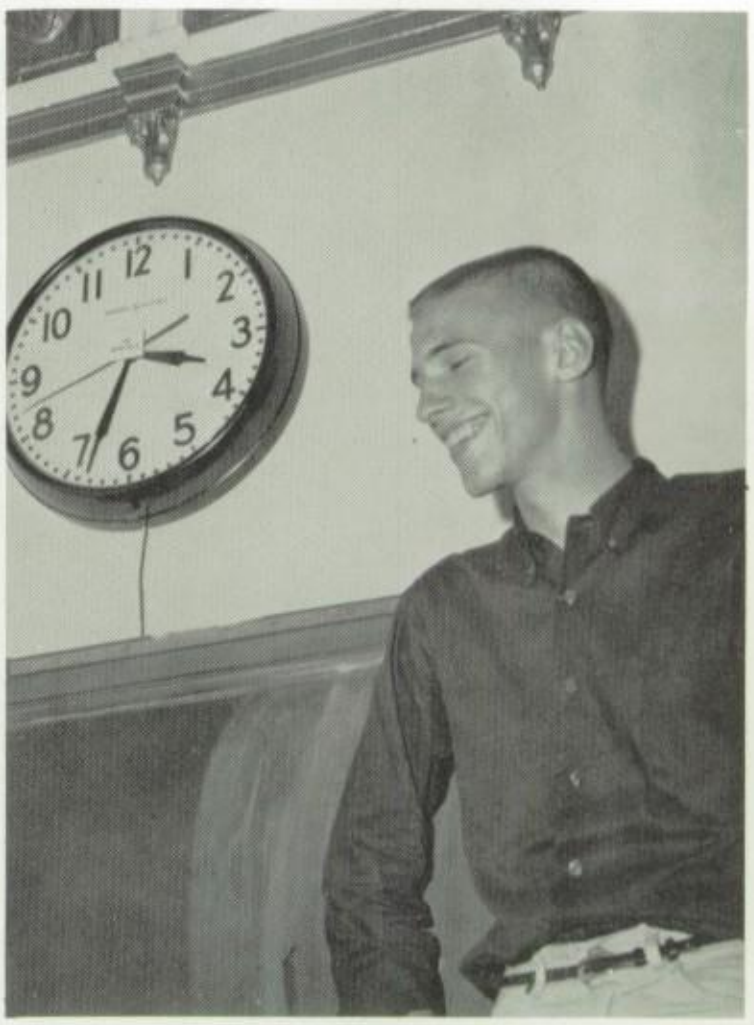
The tragic airplane accident on October 21, which took the life of Ronnie Casey, shocked and saddened many Po-Hi students.

Moving from Vincent, Oklahoma, Ronnie was just beginning an active junior year. During the summer he was a pitcher on the American Legion and Lions' baseball teams and worked for his father.

He was a friendly and active person who always had a smile or encouraging word for everyone. Those who knew Ronnie will never forget his friendship that meant so much.

JUNIOR SNAPS

Careful there, Buzz; it's goin' ta get 'cha!



That's right, John; it's 3:34. You finally learned to tell time!

Gerrie wears a pleasant smile for all who purchase items in the book store.

Dan seems to be working hard behind the stage!

CAT TALE

CAT TALE members work far into the night to meet deadlines.

Planning the 1963 CAT TALE began early last summer. By July the cover, endsheets, and theme had been selected.

When school began last fall, the new members were orientated and taught layout designing and copy writing. Then the staff planned each page in the CAT TALE meeting individual deadlines.
